Experience

FULL STACK WEB DEVELOPER @ KnK Builders & Developers / Chiplun

September 2021 - May 2022 (9 Months)

- Built a Full Stack E-Commerce Web App for the company's startup in Animal Feeds and Agro-Tourism. Worked on both FrontEnd & BackEnd and deployed the application on GCP Compute Engine.

- Built the company's portfolio website displaying their prevoius, current, and ongoing projects with accepting email & phone enquiries.

- Built an Online Learning Web App for the company's startup in E-Learning business.

FREELANCE PROJECTS

- Built a Restaurant Food Order & Delivery Web App for a restaurant to solve their problem of managing orders over phone calls. Used Django on backend and converted the web application to android application.
